## POSSIBLE POWER OUTAGES THIS WINTER

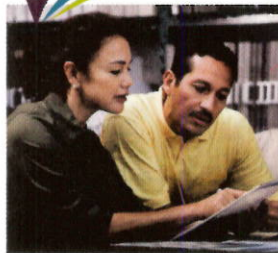

BWP takes pride in providing reliable electrical service. But the lack of natural gas means outages could happen in Southern California this winter as more homes start to use gas heating.

We have created a map that displays the active outages in Burbank so that you can see if your corner of Burbank is affected. You can also sign in to your online BWP account and a pop-up screen will appear with helpful information if an outage is detected at your property.

If you don't have a BWP account, **now** is the time to create one!  
Simply visit **[BurbankWaterandPower.com](http://BurbankWaterandPower.com)** to get started.

## 3 Days/Week Irrigation is Burbank's "New Normal"

California's water supply conditions have improved allowing Burbank's City Council to ease up on landscape irrigation restrictions. This does not mean that Burbank is turning a blind eye to drought realities. In fact, limiting outdoor watering to no more than 3 days per week is Burbank's new normal.

Visit [BurbankWaterAndPower.com](http://BurbankWaterAndPower.com) for more information.

### 3 DAYS PER WEEK TUESDAY, THURSDAY & SATURDAY

Up to 15 Minutes Per Irrigation Station,  
Before 9am or After 6pm

*The City of Burbank Parks and Recreation Department  
and the City of Burbank Veterans Committee proudly presents:*

*"A time of song, word, remembrance, and celebration"*

## COMPOSTING: THE HOMEGROWN SOLUTION!

Food scraps, yard clippings and other organic materials  
make up 40% of the waste stream.

Back yard composting reduces this waste and turns it  
back into valuable soil nutrients to produce healthier plants.

Burbank Recycle Center is hosting a series of Workshops throughout  
the community to help you get started. The classes are fun, interactive,  
and packed with information to transform your waste into rich chocolate soil.

Free compost bins will be provided to Burbank residents.

### HOMEGROWN COMPOST WORKSHOP SCHEDULE

#### NOVEMBER

Wednesday, 11/2 • Disney Elementary • 6:30 pm-8:00 pm

Saturday, 11/12 • Jefferson Elementary • 9:30 am-11:00 am

Wednesday, 11/30 • Jordan Middle School • 6:30 pm-8:00 pm

#### DECEMBER

Saturday, 12/10 • Roosevelt Elementary • 9:30 am-11:00 am

## COYOTE HAZING FIELD GUIDE

### WHAT IS HAZING?

Hazing simply means scaring a coyote away. Coyotes are members of the dog family, and just as we train our dogs to adopt good behavior, we can reinforce a coyote's natural instinct to avoid people without harming them.

### HAZING TOOLS

**Noise makers:** your loud voice, whistles, pan lids, shaker cans (soda can filled with pennies & wrapped with aluminum foil)

**Surprises:** motion-activated lights, garden hose, spray gun filled with vinegar water.

### HOW SHOULD I HAZE?

The more dominant you act, the better the coyote will get the message that you are something to be afraid of! Keep at it until the coyote leaves.
